

The Government of China,
through the *China Institute of Strategy and Management*
joins the KIP International School

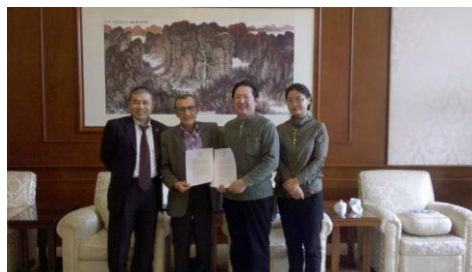

August 2011

By signing the Program Agreement between the *China Institute of Strategy and Management* (CISM) and the KIP International School, it was formalized the cooperation between the People's Republic of China and the School.

The agreement signed by the General Director of CISM, Wang Shuxin, and the President of the Promoter Committee of the KIP International School, Luciano Carrino, established the creation of the Joint Working Group to discuss, formulate and implement activities and initiatives of the KIP International School in China.

In the photos, Daniel Barrios, Representative of the International School in China and person in charge of the contacts for the agreement, the General Director, Wang Shuxin, and some senior leaders, celebrates the event. According to the agreement, a delegate of the CISM will represent the Government of China in the General Assembly of the School, which includes governments and international organizations that have joined the initiative.

The first meeting of the Working Group convened by the CISM will be held in early 2012, with the participation of Luciano Carrino, Daniel Barrios and other representatives of the International School. CISM desires to promote the participation in the Working Group, of specific actors and structures of the country.

The Working Group will develop an Action Plan which provides for the following priorities:

- The organization in 2012 of an international event in China, to present the International School for all interested stakeholders.
- The identification of the best practices of the country that can develop the role of the Schools Laboratories.
- The implementation in China of one or more international courses for the cadres of development, in collaboration with local universities and international universities interested in participating.
- The identification of innovations for human development of China, to foster international dissemination and transfer of innovative knowledge to the interested countries.

The headquarters of the International School in China will be located in Diaoyutai State Guest House, residence of the heads of state that visit Beijing, and home to the major institutions and organizations of the Government of China.
